KLIA Cargo Village

Dear Sir/Madam,

**DAGANG NET'S SOLUTION PARTNERS**

We refer to our letters dated 17 April 2009 (Ref: CRM/DIR/USR/0409-019) and 22 January 2010 (Ref : OCE/ASSOC/220110/ZMS-yvc) as attached on the matter above.

Recently, Dagang Net Technologies Sdn Bhd (Dagang Net) has been receiving enquiries from our customers in KLIA Cargo Village regarding the need to change their existing front-end software for Customs Declaration to Mobile Force software.

We would like to clarify that as mentioned in our previous letters, Dagang Net has three Solution Partners who actively supply and support the front-end solutions in the area of Customs Declarations, Free Zone Declarations, Cargo Manifest Declarations and Electronic Fund Transfer (Duty Payment) to a large base of Dagang Net customers.

For your information, two of the three Solution Partners have been with Dagang Net and our various communities (air, sea and land) for more than a decade. Certainly, **NO PREFERENCE** of any sort (verbal or written) has been given to any one of the three Solution Partners by us at any time.

We urge you not to pay any heed to any form of communications or false representation you may have received on Rank Alpha Technologies Sdn Bhd, Wynet Computer Sdn Bhd or Mobile Force Software (M) Sdn Bhd.

Dagang Net believes that the decision to purchase the front end software is purely a business decision by the customers and should not be influenced by any parties.

Thank you once again for your continuous support.

Yours Sincerely

**DAGANG NET TECHNOLOGIES SDN BHD**
