

*At last,
Vessel information @
your fingertips*

What is VIS?

Vessel Information System (VIS) is a web-based value added service provided by Dagang Net Technologies Sdn Bhd (DNT). It allows the port users to request for ship call number (SCN) and apply for a berth number (BN) from the Port Operator electronically.

VIS aggregates all information required by the Port Operator, Port Authority and Shipping Agent, for example, ETA & ETD, ATA & ATD, place of berth, vessel details, dangerous goods indicator and cargo details.

Information transacted through VIS will be routed to Sistem Maklumat Kastam (SMK) for validation and cross-reference purposes against Customs declaration.

There are four modules, each designed to meet the specific needs of different user groups such as Shipping Agents, Port Authorities, Port Operators and Customs.

1. Shipping Agent Module

Shipping Agents can request for SCN from Port Operators via the Internet after submitting the relevant vessel information to them.

With the SCN, Shipping Agents can proceed with preparation of manifest declaration via eDeclare.

2. Port Operator Module

Port Operators will assign a berth number to a vessel, issue the SCN, post the ATA and ATD. All these information can be accessed by the Shipping Agents and other port users at a click of the button.

3. Port Authority Module

Port Authorities can monitor the number and types of vessel and their cargo calling at ports around the country and compile ship call statistics for Malaysia.

4. Customs Module

This enables Customs to validate manifest declaration and Customs declaration by matching the SCNs against declarations submitted by Shipping Agents and Forwarding Agents.

How does VIS benefit me?

VIS offers tremendous benefits:

1. No subscription or transmission fee. Just log onto www.dagangnet.com on the Internet, click on the VIS icon and access the relevant information.
2. It's convenient – VIS is accessible from any computer that is connected to the Internet.
3. One-stop vessel information centre – You no longer have to waste valuable time collecting information from different sources. Just use VIS as your one-stop resource centre.
4. Submit MANIFEST through the Internet – The VIS provides you with the necessary information to submit Customs declaration through web-based applications via eDeclare.

How can I start using VIS?

You can obtain the registration form via www.dagangnet.com or from any Kedai EDI near you. Fill in the required information and send the original forms to Dagang Net Technologies. Once your company's registration is verified, you will be notified.

Alternatively, you can contact CARELINE, at Tel: 603-2781 3030 Fax: 603-2781 3003 Email: *careline@dagangnet.com.
